MORE NEWS SPACE

We are anticipating National Newspaper Week October 5-11 by putting in a couple more desks in the newsroom.

It seems business side has gained in the expansion of the past two years: display ads, classified, circulation and accounting.

We are adding space for sports and exchange newspapers. News editor Bess Jeter, social editor and general assignments reporter Doris White and sports editor Forrest Guess are spreading out. More pictures, more individual stories will result.

Style continues to go more to condensation and capsule to get as much or more news into the same number of pages. Newsprint is about double what it was six or seven years ago.

The Herald is also anticipating other uses of local and Reuters capsule news, involving further computer applications. It is still in the offing, but already is feasible for a wider news audience.

Herald experimentation with format, content and modes of news transmission may be heading for a new era in local news processing. More will be said in the next few months.

116-116-116

This newspaper has always pursued the notion that capsulated information, readily digestible, juxtaposing opposite or conflicting views allows the reader to decide what is happening, who is going where and perhaps why something happens when.

Related to this is Herald commentary in editorials and columns, even statistical analysis where reliable figures are available.

The Herald has built quite a library of local photographs in the past 15 years. Dozens of pictures fail to make the paper for lack of quality or space each month.

Most pages are microfilmed from 1895 forward. And another project is to set up a newspaper clipping morgue and microfilm reading department. That is a project for the future.

One hundred and 16 years is old for a newspaper in this part of the country. And it requires time just to file the stuff that appears in print. Microfilm solves most of the problem.

Tragedy Mars Weekend

ICA PRESIDENT SPEAKS--T. A. Cunningham, president of the Independent Cattlemen's Association, speaks during a barbecue held for the county organization Sunday night. He was among three speakers for the event, which drew about 100 cattlemen and their families.

Cameron Man Shoots Wife, Then Himself

A Cameron woman remains in the intensive care unit at Scott and White Hospital in Temple after being shot in the chest with a 12 gauge shotgun Saturday. Her husband, who fired the shot that wounded her, then turned the gun on himself.

Willie Porubsky died in his home of a self-inflicted gunshot wound, Cameron Justice of the Peace Jess Brock said.

An apparent domestic quarrel early Saturday evening led to the death of the 52-year-old Porubsky, a Milam County sheriff's deputy said.

His wife, Mrs. Mary Porubsky, was taken to Scott and White Hospital by Green Ambulance. She is in the intermediate intensive care unit of the hospital in serious condition from the gunshot wound in her lower chest.

Porubsky apparently shot his wife inside their home, located at 1611 N. Hoover, and then went out on the back porch and turned the gun on himself.

Funeral for Porubsky was held at 2 p.m. Monday at Green Funeral Home chapel with Rev. John Homerstad officiating. Burial was in Oak Hill Cemetery.

Surviving him are his wife; two sons, Joe and Will Porubsky, both of Cameron; two brothers, Charlie and Leo Porubsky, both of Temple; two sisters, Mrs. Bennie Mayer and Mrs. Lillie Junek, both of Cameron; three half sisters, Mrs. Annie Marek of Cameron, Mrs. Mary Kachtik of Brownsville and Mrs. Frances Tracy of Brownsville; and one half brother, Rudolph Porubsky of Tucson, Arizona.

Highway Meeting

About 20 interested landowners, county and city officials, and Texas Highway Department officials met Tuesday morning on the site of proposed improvements to SH 36.

The informal meeting was to discuss proposed plans and most questions concerned how the project would affect property and drainage. Also discussed was the effects it would have on any new business that might come into the area.

The project calls for reconstruction of Highway 36 from the AT&SF Railroad underpass to a distance of one mile of the US 77 intersection.

Fire Ants In Cameron, EPA Curtails Pesticide

Fighting the imported fire ant may prove a difficult problem for Milam Countians as the Environmental Protection Agency (EPA) has a restraining order on the company that manufacturers Mirex, an efficient fire ant killer.

Jack Bowmer, agronomist with the Texas Agriculture Department, said the ants are located around Cameron and within the city limits, with infestation along Little River and scattered in the south part of the county.

Bowmer said the "ants will be there from now on" if not treated.

But the difficulty is obtaining a pesticide to control and get rid of the ants. The EPA claims the residual effect of Mirex may be dangerous to man and animals. It is up to the manufacturer to prove that the presticide is not harmful.

Bowmer said alternative pesticides for use on the ants are chlordane and heptachlor. But again the EPA has stopped the manufacture of these agents, except for special cases. There are some supplies on dealers' shelves that may be used, however.

County Agent Bill McCutchen said "the EPA has done us out of anything to fight these critters." McCutchen said the organization is a stickler--the pesticide manufacturer has to prove that their product is not harmful--rather than the EPA proving it is.

Bowmer said the State Agriculture Department has a limited supply of Mirex to be used on the ants.

Persons who have the ants in their land may contact McCutchen who will put them in touch with a supply of Mirex while its lasts.

The imported fire ant should not be confused with domestic ants. Its mound is hard and looks like a sponge, Bowmer said, while the domestic ant bed looks like loose coffee grounds.

Speakers Commend ICA For Work In Austin, Washington

Commendations for the Indpendent Cattlemen's Association efforts on state and national levels was the theme of three speakers at an ICA barbecue and dance held Sunday night at the National Guard Armory in Cameron.

About 100 people heard Darrell McDonald, chief of the Texas Department of Agriculture foreign export program; Rep. Dan Kubiak of Rockdale; and T. A. Cunningham, state leader of the ICA.

McDonald, who said his office is concerned with developing new markets for Texas products, said that it is "ironic that farmer's 1972 income was 19 billion dollars whereas the nation spent 25 billion on alcoholic beverages."

He said the American housewife is chiefly interested in meat that can be cooked cheaply and quickly, especially if she is a working wife.

He said cattlemen are independent from Washington, but "we are dependent on the bull in the pasture, our families to help us, fertilizer, and the weather." He said the US calls on the farmer to balance the dollar and save during an energy crisis. McDonald added that cattlemen were criticized when beef prices were high.

Rep. Kubiak said the ICA represents the "best hopes for the cattlemen in Texas," and said the organization should remain involved as much as possible in state and national legislation.

"Politicians believe the agricultural system can take endless abuse," he said, "but they mut realize that ranchers and farmers can't keep paying higher and higher taxes."

Kubiak endorsed passage of Proposition Five on the ballot in the November 4 election. He said this will allow farm land to be taxed on productivity value and not on real estate value. He urged the cattlemen to vote for the measure.

He also said the group must also continue to fight the passage of a land-use bill, which was nearly passed during the last legislative session in Washington. Another fight must be against beef imports into this country, which allowed 1200 million pounds of imported beef into the country last year.

Kubiak called for an investigation into "middlemen" profits, which he says are the cause for meat to remain high priced in the store, while the cattlemen are not breaking even.

He also said grain sales should be made on the basis of a trade for oil. Kubiak noted that the U.S. had sold grain to the Arabs for nothing down and 20 years to pay at 2 percent interest. He said there should have been a trade for oil.

Cunningham noted that the ICA has grown to over 100,000 members since it was first organized some 8 or 9 months ago, and gave a review of the actions in Washington and at Austin. He said action by the ICA kept the federal land use bill "on the shelf," and told Washington about how beef imports are hurting the U.S.

He said the legislature would probably try to pass a land-use bill next session, and added "If the federal government can't deliver the mail, how in the world will they run a land-use bill?"

He said the ICA is not a union, "but it must be strong to represent yourselves."

Charles Ellison, chairman of the Milam County ICA, introduced the speakers.

County 4-H'ers Mark Special Week

By Chris Holcombe

4-H boys and girls throughout Milam County, Texas, and the nation will join in a salute to America's Bicentennial celebration during National 4-H Week, October 5-11.

The annual observance, with this year's theme of "4-H--'76. . .Spirit of Tomorrow" is designed to accent the history, ideals, and goals of the 4-H program.

Approximately 500 4-H'ers in13 different groups across Milam County will be participating in various ways including pictures in the paper, radio shows, posters, special activities, and will wind up with the Annual County 4-H banquet to be held October11 at the First United Methodist Church Fellowship Hall in Cameron.

Many clubs are planning special events, service projects, and recruitment drives during National 4-H Week. It's a special time when 4-H is recognized for its contributions to the growth and development of youths.

The 4-H program is active in all 50 states, the District of Columbia, Puerto Rico, Guam, and the Virgin Islands as well as in more than 80 countries. It is adminstered by the Cooperative Extension Service, the Extension Professionals play an active role in recruiting, training, and assisting volunteer leaders who help with local 4-H activities.

Also there are some 7.2 million youths between the ages of 9-19 are currently enrolled in 4-H, with more than 215,000 of these in Texas. More than 21,000 volunteer adult and youth leaders assist with local 4-H programs in the state.

Although the majority of 4-H members still live on farms and in rural communities, 24 percent now come from larger urban and suburban areas.

Well over half the Texas 4-H'ers live on farms or in towns of under 10,000 population.

Texas 4-H'ers participate in more than 60 educational project areas, with the most popular being food and nutrition, clothing and textiles, and horses and ponies.

Since its beginning around the turn of the century, 4-H has offered practical learning and citizenship experiences to millions of young people.

SIGNS PROCLAMATION--County Judge O. B. Harden signs a proclamation marking National 4-H Week while a group of 4-H members look on. The week will be celebrated by special events over the county by the 500 4-H'ers in Milam County. The annual banquet will highlight the occasion on October 11.

Hauk Takes Over As Buckholts School Head

Jimmy Hauk, a graduate of Yoe High School, took over duties as superintendent of the Buckholts Independent School District Wednesday, and Michael S. Mitchell has been named new Buckholts High School principal to replace Hauk.

Hauk has been principal at Buckholts since 1961, and also coached football for ten years while he was principal. He is presently coaching girls athletics at the high school and will continue to do so. His years at the Buckholts school total 17.

Hauk said former Supt. Leon Brady will stay on as a consultant until October 31. The school board hired Mrs. Bessie Beaver as a classroom teacher to replace Hauk in the classes he taught.

A 1954 graduate of Yoe High, Hauk attended Allen Academy, Temple Junior College, and Sam Houston State University, where he received a BBA and a Masters degree in education. He now has 27 hours post graduate work above a Masters degree.

Hauk is active in civic affairs, serving on the Boy Scout Council and as president of the Buckholts Lions Club in 1972.

Mitchell attended Jackson Business College in Lampasas and later taught business courses there. In addition, he holds a business management certificate from Central Texas College at Killeen.

He earned his BS degree from Sam Houston University in 1964 and did his student teaching at Aldine Junior High in Houston where he was a physical education instructor and basketball coach. This past year he also taught drivers education.

The new principal is currently enrolled at American Technological University in Killeen and has 21 hours toward a counseling certificate.

Mitchell spent 8 1/2 years in the Army and attained the rank of captain. He now serves as a captain in the Reserves. A native of Arkansas, he and his wife, Lynda, live in Belton. They have two children and Mrs. Mitchell is a social worker and works with day care licensing facilities.

SUPT. JIMMY HAUK

Fire Ant Genetics...

Milam County faces an infestation of fire ants while experts say the Environmental Protection Agency has, in effect, stopped use of pesticides which would destroy them.

Jack Bowmer, agronomist with Texas Agriculture Dept., Austin, advised The Herald that fire ants are building in the Cameron area, both inside and outside the city limits, and to a lesser extent in South Milam County.

He names several chemicals which are effective against fire ants, but which are on the EPA's doubtful list in terms of safety to animals or humans coming into contact with them.

In effect, we know how to get rid of the fire ants, but an agency of government says it is dangerous to use the stuff to do it.

It is a question of living with fire ants, we suppose, safe in the knowledge we are not contaminating our ground and air.

We think it is absurd. When asked whether fire, gasoline or other agents non-toxic to humans would eliminate fire ants, the TAD spokesman said it is not likely since the queen ant is protected by thousands of worker ants perhaps 3 or 4 feet underground.

EPA should provide alternative means to rid us of fire ants and other pests. Perhaps we could loose upon the fire ant world a bunch of sterile male ants which would ultimately rid us of the species here.

It worked on the flies which killed so many cattle a dozen years ago.

If chemistry works against us, perhaps genetics will do what EPA tells agriculture and communities we cannot.

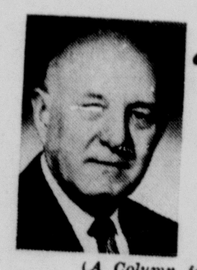
No Gender For No. 1....

It seems the girls are also winners in YHS competitive sports as the volleyball team in both high school and junior high are winning.

The teams combined have won over Belton and Rockdale junior high and Giddings in the past week.

The YHS Yoemen and freshmen are also having great seasons thus far.

We suppose it proves No. 1 has no gender.



"Low Down" FROM THE Congressional Record

By JOE CRUMP

(A Column for Readers Who Haven't Time to Review the Congressional Record Daily)

ASKS THAT STATE EYEGLASS LAWS BE 'SWEPT ASIDE'

Senator Charles H. Percy (Ill.)". . .I would like to address a serious problem that affects one out of every two Americans. The matter involves the inflated cost of eyeglasses caused by restrictions now in effect in some 36 states that forbid or prevent optometrists and opticians from advertising the prices they charge for eyeglass lenses and frames.

"Inquiry into this area has uncovered evidence which demonstrates that arbitary state laws or restrictive practices have resulted in consumers paying 25 to 100 percent more for lenses and frames. . .

"We should hang our heads in shame when we hear that the elderly in Miami, Fla., for example, have been asked to will their eyeglasses to other senior citizens who cannot afford to replace outdated prescription lenses. No one should have to depend on hand-me-downs from the deceased in order to see satisfactorily.

"Florida is one of those States that forbids price advertising. I understand that some Floridans purchase their glasses in neighboring Georgia and Alabama where prices are reported to be as much as 25 percent lower, because they can buy them cheaper, without sacrificing quality. Both Georgia and Alabama permit advertising. . .

"Almost identical frames that cost some $30 in Oklahoma City, Okla., costs as little as $11 across the Red River in Wichita Falls, Tex. An almost identical trifocal lens that costs $54 in Oklahoma City sells for $34 in Wichita Falls. . .

"An officer of the large optical house told my staff that, until recently, he charged $5 more in Illinois for the same frames, than in neighboring Missouri. . .

"Optical retialers do not need restrictive laws or practices to virtually guarantee substantial price markups. They should compete on the basis of price as well as quality optical service.

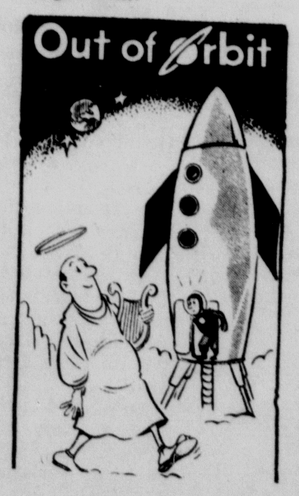
"It is time now that the Federal Trade Commission acted decisively. At a time of severe inflation and unemployment, our society cannot afford to pay the high prices caused by Government overregulation, whether those regulations begin at the State Capitol or the Nation's Capitol.

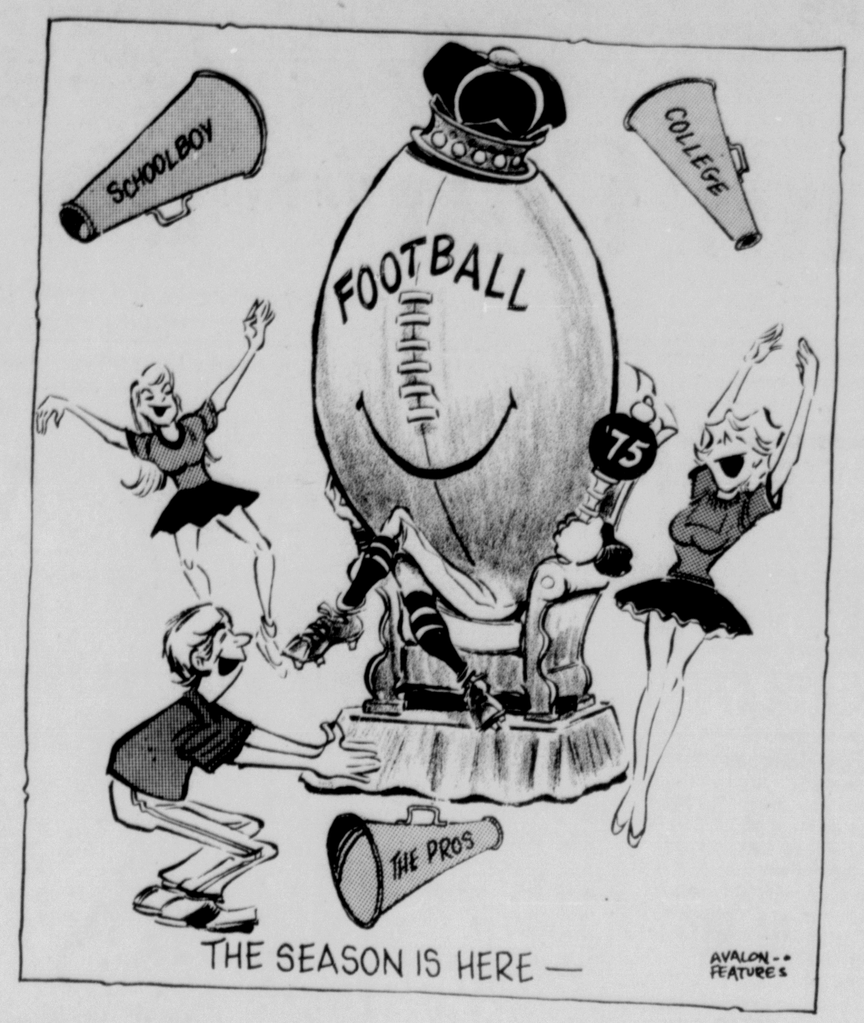
"Quality eye care at reasonable prices should be a prime health objective of our Nation. When state laws make eye care unreasonably costly, they should be swept aside. . ."

****

CRUMP'S GRASS ROOTS COMMENT

With over half the population; and four out of five persons over 50, wearing corrective lenses, the cost of eye care is an important budget item.





Dateline Austin

Liberals Threaten Primary Bill

Two hundred and fifty Texas liberals met here recently to talk 1976 presidential political strategy and threatened to challenge the new presidential primary bill.

The group, led by Democratic National Committeewoman Billie Carr, said winner-take-all provisions of the primary law — designed to help presidential aspirations of U. S. Sen. Lloyd Bentsen — may tend to deprive minorities of delegate strength.

Ms. Carr indicated the primary act would be challenged under the Federal Voting Rights Act, designed to protect minorities.

Liberals, determined to make things tough for Bentsen and Alabama Gov. George Wallace in the 1976 primary, remained undecided what course of action to follow.

They will meet again October 25 and November 22.

Ms. Carr urges filing of uncommitted delegate slates for national nominating convention seats from all 31 senatorial districts.

Others prefer lining up behind one of the serious liberal presidential contenders, and still others want to file delegates for a "favorite person" like former U. S. Sen. Ralph Yarborough or Ms. Carr.

Meanwhile, the liberals heard sales talks from representatives of six potential presidential candidates.

Trial Postponed

Impeachment trial of District Judge O. P. Carrillo by the Senate has been postponed until October 6 —perhaps later.

The trial had been scheduled to resume Sept. 29, but Carrillo's trial in Corpus Christi on income tax charges lasted longer than expected.

Lt. Gov. Bill Hobby said he consulted with attorneys for all parties and the Senate's legal counsel and concluded that the "wisest course of action" is to put off the impeachment hearing for at least another week.

Appointments

Sidney E. McKinney of Abilene has been named to the Industrial Accident Board by Gov. Dolph Briscoe.

Briscoe also selected these members for the Motor Vehicle Commission: Robert Lee Ragsdale of Austin, John N. Cleveland of San Angelo and James M. Carnes of San Antonio.

The Governor reappointed to the Texas Judicial Council Dr. Abner V. McCall of Waco, W. St. John Garwood of Austin and Hugh M. Patterson of Houston. He appointed to the Texas Historical Commission Katharyn Duff of Abilene, Joe J. Fisher of Beaumont and Mrs. Mary Moody Northern of Galveston (reappointment).

George F. Dillman of Richardson was re-elected Texas Tourist Development Board chairman.

George Works, Wichita Falls newspaperman, was appointed House Speaker Bill Clayton's press secretary.

Tourist Trade Booms

The state's $4.8 billion tourist industry rushed toward new records in spite of inflation during the first eight months of 1975.

Response to travel advertising rose 80 per cent January-August, and attendance at tourist attractions climbed five per cent.

Courts Speak

Texas Court of Criminal Appeals reversed conviction of three for the murder of a Houston service station attendant because their statements to police incriminated each other.

The same Court affirmed the life sentence of a Lewisville former airline pilot for killing an aged woman cousin from whom he was due to inherit $400,000 worth of land.

Galvestonian Shearn Moody Jr. lost an appeal to the State Supreme Court to get back money from a trust fund he signed over to an insurance firm.

A longer sentence cannot be given on retrial than on initial trial even where the second is probated, the Court of Criminal Appeals held in throwing out a five-year probated sentence of a Terry County man retried on check fraud charges.

The Supreme Court said a life insurance firm cannot deny benefits due to misrepresentation after it has required a physical examination.

Vote Unmonitored

The U. S. Justice Department won't monitor the November 4 Texas constitutional revision election under terms of an agreement between state and federal officials.

The Federal Voting Rights Act extension makes all Texas elections, election law changes and redistricting matters bearing on voting rights subject to federal supervision.

Texas has sought unsuccessfully to delay implementation of the law, but the November vote will escape supervision.

In exchange for the exemption, the state will distribute more than 100,000 Spanish-language copies of the proposed new Texas constitution at supermarkets, courthouses, libraries, churches and meeting places of Spanish-speaking organizations.

Spanish copies of the revision document were to be widely distributed in Spanish-speaking areas anyway, under original state plans.

The state apparently will press its appeal of a federal district court decision that Census Bureau officials didn't have to hold a hearing on validity of their determinations that Texas falls under the Voting Rights Act by virtue of low participation in the 1972 presidential election.

AG Opinions

A county judge can spend county funds to hire as his secretary a county commissioner's daughter, Atty. Gen. John Hill stated in a recent opinion.

In other opinions, Hill concluded:

Neither a legislator nor his firm may contract with the state or a county on projects authorized or funded by the current legislature.

It is improper and illegal for a sheriff or constable to send eviction notices when notations would make them appear official acts of a court or an officer of the state.

OLD PHILOSOPHER

Dear editor:

These days, if you want to keep up with labor-management news you naturally have to read the sports pages and that's what I was doing the other night when I ran across an item that made me sit up straight.

According to it, owners of professional football teams can depreciate the cost of quarterbacks. That's right. Say they pay $500,000 for a quarterback. They then estimate he'll last for, at the most, depending on how much bigger and faster the blitzing linebackers get, about five to six year, give or take a few knee operations and broken ribs. So, they depreciate the cost on their income tax return.

While some poeple may be outraged at this, I think it's a splendid idea and if I can think of his name I'm going to write our Congressman and ask him to introduce a bill letting everybody in on this.

For example, say you're 50 years old and it has cost you a minimum of $2,000 a year in food, clothing, and shelter to reach that age. (You can figure in what it has cost you to see $500,000 quarterback play, your subscription to Playboy, and things like that.)

All right. That's $100,000 you've got invested in yourself, subject to annual depreciation on your income tax.

Now comes the ticklish part. Do you elect a quick write-off, say 10 years, or do you string it out over 15 or 20 or even more?

Suppose you feel good and drive carefully and decide to depreciate yourself over 20 years. That means you can write off $5,000 a year on your income tax. Sure beats that $100 Congress allowed us last year. Make a joint return, depreciate your wife, and wind up with the government owing you.

Changing the subject, considering how the CIA has been opening mail willy-nilly, how the FBI and the Secret Service have ignored clear-cut warning s about individuals who feel like shooting a President, how Washington can't for the life of itself figure out an energy policy, how our foreign policy makers seem to believe selling arms to all sides is the way to secure peace, how the Russians continue to outsmart us when it comes to buying grain, how the big cities are going broke, considering all of these and a few more you are probably thinking of, do you sometimes get the feeling that this country is being run mainly by incompetents?

Yours faithfully,
J. A.

Assassians Seek Notice, Says Poage

"A widespread of desire of a great group of our citizens to see their name on the front of the paper" is blamed by Cong. W.R. Poage for the repeated efforts to assassinate President Ford.

"While I recognize that there are many groups on the West Coast and elsewhere who would probably murder all public offic. ls if they could do so with mpunity," Poage continued, "I think that it s quite probably that this desire for public recognition was at the root of both of the recent assassination attempts."

Poage said not only would-be assassains must be removed from our society, but also those who destroy public property, who rob citizens in the streets, burglarize homes, and steal automobiles.

Pecans Up, Cotton Down In Crop Report

AUSTIN–According to the September crop report released recently, Texas cotton production has dropped almost 75,000 bales while pecan production is expected to increase by 20 million pounds over last year's crop, Agriculture Commissioner John C. White said.

Cotton production, estimated at 3.1 million bales, decreased because of weather and insect damage on the High and Low Plains. A yield of approximately 3,025,000 bales is expected in 1975.

This year's cotton crop still is almost 23 percent above the 2,462,000 bales ginned in 1974, which was one of the smallest crops in 30 years, White noted.

The Texas pecan crop estimate reflects an increase of 53 percent over last year's crop of only 38 million pounds.

Sweet potato production also increased from August and the crop currently is estimated at 950,000 pounds per hundredweight.

Estimates for most crops remained the same as for August. Corn remained a near-record crop at 115.5 million bushels; wheat, 131.1 million bushels; rice, almost 24.9 million pounds

FERTILIZER TEST at the Stiles Farm. The most profitable rate of nitrogen fertilization of sorghum and cotton in the Blacklands depends on many factors, including fertilizer cost and selling price of crop. Researchers have developed charts that will help producers decide whether to fertilize and how much.

County Agent Notes...

Compost Your Leaf Problem

By Bill McCutchen

You are going to have to do something with those leaves and grass clippings this fall, so why not start a compost pile for next year's garden?

Compost is a mixture of soil and partly decayed organic matter that is used to improve garden or potting soil and it is produced by the use of waste materials such as leaves, grass clippings, table scraps, and manure.

Compost can be used as a top dressing for lawns, as a mulch around growing plants, or mixed into the soil for growing flowers and vegetables. When properly prepared, it is free from weeds or odor and is very rich in plant nutrients.

Locate you compost pile in an area receiving plenty of sunlight and sufficient air. While compost is making, it should be moist but not soggy wet. Keep the top of the pile dish shaped to catch natural rainfall and to help when wetting is necessary.

You may want to make your compost pile a little neater by using a wire fence or other easily ventilated material for a perimeter.

In starting your compost pile, begin with an initial application of an inch or two of soil, followed by a layer of leaves, grass clippings, or other waste material 2 to 6 inches thick.

This should be followed by 1 to 2 inches of manure. If manure is not available, add 1 to 2 cups of a complete commercial fertilizer per square yard of surface area.

Repeat this process until you have cleaned up your leaf or grass problem and then wet down your compost pile to settle it and to activate the decomposition process.

The composted material should be ready for use in 4 to 8 months, depending on the season of the year and the material used for composting.

A hinged, wide rim on a sandbox seat can be used to store small outdoor toys.

Hunting Leases Can Boost Ranch Income

Game hunting is mushrooming, and hunting leases provide a good opportunity for ranchers to increase their income, according to an area wildlife specialist for the Texas Agricultural Extension Service.

Dr. Milo Shult, at the Texas A&M University Agricultural Research and Extension Center at Uvalde, says a rancher who wants to use his land for hunting purposes must practice sound management and provide protection, cover, and food for game species. In addition, many desirable non-game species profit from such management programs.

"In Texas, over 95 percent of the land is privately owned," Shult says. "This means that sound management of game species is the responsibility of the landowner."

Maintaining land suitable for wildlife involves some costs. Because certin game species compete with livestock for food, a pasture cost must be given to deer, for example. Every six deer on pasture represent one animal unit that consumer forage, points out the Texas A&M Specialist.

Other costs may come up through slight changes in land management practices. Shult gives the example of a rancher who leaves brush strips and weedy food plots in his pasture which benefit quail. However, this situation does not provide the best forage for livestock. Further costs are incurred through the provision of other goods and services for hunters such as cabins and blinds.

"Hunting leases, of course, can offset these costs," notes Shult. "A written lease is the best way to avoid misunderstanding between two parties. Specific responsibilities and conditions should be assigned to all parties."

Such things as whether there are blinds, fishing spots, camping, game processing facilities, or guide service are important to consider when writing or negotiating a lease.

The specialist says there are long-term and short-term leases and some are made according to the season of a particular game species.

"Like most endeavor, the more you put into the establishment of hunting leases, the more income you can expect. Management plays a key role, with the more intensley managed game areas providing the most income for ranchers," adds the specialist. "Hunters receive fair return for their dollars invested when thy have exclusive hunting privileges on ranches and farms with sound game management programs."

Cattlemen May Change Marketing

Everyone in the cattle business knows that calves are abundant this fall and that this oversupply is causing a crunch in market prices. However, just when these calves move to market will have a big effect on prices, and the "when" is anybody's guess.

"Seasonal marketing of calves in Texas and in many other states is normally heaviest in late summer and fall because most calves are born in the spring," points out Dr. Ed Uvacek, livestock marketing specialist for the Texas Agricultural Extension Service. "In fact, about 75 percent of all the calves born across the nation are marketed in that season of the year."

So what's the big mystery about fall marketing of calves this year?

"Weather conditions since last winter could be a big factor in causing cattlemen to change from the traditional marketing pattern this fall," notes the Texas A&M University System specialist.

Uvacek cites a number of examples.

"Good forage last fall and winter due to good rains caused considerable overstocking which, in turn, may have delayed calving this spring. So calves may be marketed later than usual.

"Late spring rains this year have caused calf weights to be lighter, so producers may hold them longer for further gains.

"Good summer rains have provided for excellent grazing conditions and have reduced the cattlemen's incentive to market.

"As ranges and pastures continue to hold up going into the fall and low prices continue, many producers will further delay marketings."

Uvacek feels there will also be a fair number of heavier feeder cattle moving to market this fall due to the large number of yearlings held over from last year.

Young Homemakers Meet

The Cameron chapter of the Young Homemakers of Texas will hold their first meeting of the new school year Tuesday, October 7 at the Homemaking building.

The meeting will start at 7 p.m. Martha Labaj, of Temple, will be present to give a demonstration on make-up techniques and skin care.

Members and anyone interested in becoming a member are invited to attend. Baby sitters will be provided.

Announcing

If there are any club or organization meeting dates, programs, recitals or special events of interest to Herald readers, please call us at 697-6671 where we might print them in our calender of events.

The Herald staff requests that all people wanting wedding write-ups, come by the Herald office to pick up wedding forms. Please use these forms only for wedding information. Forms need to be completed and returned before the wedding date if possible, and no later than 7 days after the event.

A wedding picture will be returned only if a self-addressed, stamped envelope is submitted with the wedding form. . .

Society Dept.
Cameron Herald

Personal Mention

Mr. and Mrs. Weldon Black were visited by their son, Leonard; his classmate, Vincent Godnich, from A&M and Mr. and Mrs. John Crook from Malakoff, Tex., last weekend.

Coming Events

The Ladies of the St. Edward Hospital Auxiliary will present a program. featuring Jane Justin on October 16, 1975 at 4 p.m. in the Methodist Fellowship Hall in Cameron.

Proceeds from the fund-raising event will go toward the purchase of a Kriesl-man resuscitator for the hospital. This unit serves new born babies in difficulty or as a warming unit for the babies.

In Rockdale, tickets may be obtained by contacting Mrs. Gertrude Hale or Mrs. Jesse Holloway.

In Rosebud, tickets may be obtained from Mrs. Mary Kate Baca. Tickets are also available at the Back Door Shoppe and Bernice's in Cameron.

LOSE UGLY FAT

Start losing weight today or money back. MONADEX is a tiny tablet and easy to take. MONADEX will help curb your desire for excess food. Eat less — weigh less. Contains no dangerous drugs and will not make you nervous. No strenuous exercise. Change your life . . . start today. MONADEX cost $3.00 for a 20 day supply. Large economy size is $5.00. Also try AQUATABS: they work gently to help you lose water-bloat. AQUATABS — a "water pill" that works — $3.00. Both guaranteed and sold by:

Minerva Homecoming Oct. 5

The annual Minerva Homecoming will be held at the Minerva community center Sunday, Oct. 5, according to Mrs. Harvey Dean.

She said that all local residents and former residents are invited to attend the all-day affair, bringing basket lunches which will be spread at noon.

The program will be informal, and the time spent primarily in visiting and talking over old times.

Couple Exchanges Vows

Miss Laurie Lee Junek and Michael George Vrana were wed Sept. 27 at 4 p.m. at S.S. Cyril Methodius Catholic Church in Granger.

Parents of the couple are Mr. and Mrs. Walter Junek of Buckholts and Mr. and Mrs. George Vrana of Granger.

Rev. Dan Delaney officiated at the double ring ceremony.

Organist was Miss Phyllius Kurtin of Granger. Vocalists were Rev. Dan Delaney and Miss Joyce David both of Granger.

The church was decorated with baskets of pink gladiolas with blue ribbons at the altar. White carnations were placed at the altar.

The bride, given in marriage by her parents, wore a U-neck dress of soft organza fashioned with a empire waist and sheer bishop sleeves. A floral design, lace embroidered with seed pearls, accented the neckline, empire waist, sleeves and front of the dress.

Accenting the bottom of the dress and chapel length train was a ruffle of soft organza. Her veil of soft organza was held by a Juliet headpiece of bonnet styling. The bride carried a nosegay of pink, blue, and white carnations and baby breath with a rosary entwined in her bouquet.

Maid of honor was Miss Debra McNeill of Buckholts. Miss Pat Vrana, Miss Deborah Vrana and Miss Marilyn Vrana all sisters of the groom were bridesmaids. Junior bridesmaids were Miss Kathy Vrana, sister of the groom, and Miss Carla Kuzel of Buckholts niece of the bride. Flower girl was Miss Mary Ann Motloch of Austin cousin of the groom and Miss Avery Lane Kuzel, of Buckholts niece of the bride served as ring bearer.

The maid of honor and junior bridesmaids wore floral pink crepe accented with sweetheart necklines, puff sleeves and a ruffle at the bottom of the floor length dresses.

MRS. MICHAEL GEORGE VRANA

Bridesmaids wore dresses of the same design in blue crepe. Flower girl and ring bearer wore white crepe dresses of the same design.

They all wore headpieces of flowers and ribbons in coordinating colors to match their dresses. Each carried nosegays of carnation and baby breath to match their dresses.

Attending the groom as best man was Mitchell Shirocky of Granger. Groomsmen were Craig Junek of Buckholts brother of the bride. Michael Allison of Buckholts, Kim Rozacky of Granger, Tony Motloch of Austin, cousin of the groom and Wayne Michalik of Granger cousin of the groom.

Seating guests were Albert Vrana Jr. of Granger cousin of the groom, Glenn Roesler of Buckholts, Randy Beale of Houston, cousin of the bride, Gregory Shirocky of Granger, and Robert Fojtik of Mathis, cousin of the groom.

Following the ceremony a reception, supper and dance were held in Granger Recreation Center. Those in the house party were Mr. and Mrs. Tim Johnson, Mrs. Mike Shain, Mrs. Jimmy Hauk, Miss Jo-Ann Beckhusen, Miss Debra Ruzicka and Miss Kathy Hairston and Mrs. Charles McGregor of Cameron cousins of the bride, Mrs. Tommy Torregrossa of Abilene and Mrs Norman Kuzel of Buckholts both sisters of the bride.

The couple will make their home at Rt. 1, Granger, where the bride is a teachers aide at Granger Elem. School and the groom is employed by the M.K.T. Railroad.

CLUBS

Delta Kappa Gamma

Beta Nu Chapter of Delta Kappa Gamma will meet with the other chapters of District 5 for the annual Regional meeting, Saturday, October 4, in the Student Union Building at McLennan Community College in Waco.

The coffee for the chapter presidents will be held at 8 a.m. at the Student Center. Registration will be from 8 to 9 a.m., with the opening of the general session at 9:15 a.m., in the Lecture Hall. The noon luncheon will be held at the Student Center.

The 1975 theme of the Regional is "A Future to Mold," and is taken from the slogan the United States is using in the Bicentennial Year celebration: "A Past to Remember--A Future to Mold."

Beta Nu members, Miss Frances Forbes of Marlin will be in charge of the exhibits from the chapter; Mrs. Coy Arledge of Cameron will compute the chapter's attendance mileage; and Mrs. Jimmy Hauk of Cameron will present the chapter's part on the program, according to Mrs. Roy Hensley, president of Beta Nu.

THDA

Six Milam County THDA members attended th 49th annual State Convintion of the Texas Home Demonstration Association in Abilene on September 23-25.

Those attending were delegates Mrs. Preston Perry, and Mrs. Frank Hanel, along with THDA visitors Mrs. Alice Holliman, Mrs. Marie Whitley, Mrs. C. P. Beard Sr., and Mrs. Gene Gary. Also accompanying the group was Mr. Preston Perry.

Methodists To Observe Communion

Friends and members of the Maysfield and First United Methodist Churches will join with millions of Christians throughout the Christians throughout the world in observing World-Wide Communion this Sunday.

As part of the special observance, an offering goal of $2,000,000 has been set that will be divided three ways. One-half will go for crusade scholars, one-fourth for a minority scholarship program, and one-fourth for the work of the division of chaplains and related ministries.

Worship service at the Maysfield church begins at 8:45 and at 11 a.m. at the First United Methodist Church. Mrs. T. D. Corley is the choir director at First Methodist Church and Mrs. Hilliard Thomas is the organist. Special communion music will be presented by the chancel choir at the First United Methodist Church. David Kopriva will serve as the acolyte this Sunday. The services will be conducted by the pastor, Rev. Stanley Vodicka Jr.

The annual Charge Conference will be held on October 19th at 7 p.m. at the Cameron church. Officers for the new year will be elected, reports of the year's programs will be presented and a budget for 1976 will be adopted.

Wise choice

for good value in life insurance—State Farm. Let me show you why.

891 Attend Witnesses Convention

A total of 891 attended the assembly of Jehovah's Witnesses at the Bryan Civic Center this last weekend.

P. K. Moske, district supervisor for Jehovah's Witnesses in Texas and parts of New Mexico and Oklahoma, delivered the main discourse on Sunday afternoon entitled, "How the Kingdom of God Affects You."

The message of "God's Kingdom" is the foremost teaching of Jehovah's Witnesses. Fiathfully they call at the homes of the people encouraging others to believe that a great change is due in world government.

In recent years many have been drawn to the teachings of Jehovah's Witnesses until it has been labeled the "fastest growing religion in the world."

Sunday worship saw the baptism ceremony of 26 new ministers for the group. They now have over two million active ministers assigned throughtout the earth.

It was announced that the regular schedule of meetings at the local Kingdom Hall of Jehovah's Witnesses will now be resumed.

DECA Chapter Approved For TJC

A chapter of the Distributive Educational Club of America (DECA) has been approved for Temple Junior College, according to Bill Hermon, TJC mid-management program director.

DECA's pruposes are to develop education in management, marketing, and distribution, which will contribute to occupational compentence; and to promote understanding and appreciation for the responsibilities of citizenship in the American free competitive enterprise system.

Members of the new group will represent TJC at state and national meetings and contests.

* * *

Let your neighbor put his parking problem in your driveway. When he's planning a party and you're not using your car, offer the space for his company.

BILLY GRAHAM says about the new motion picture "Time to Run"...

There is no doubt that today we see the family unit being attacked from every side, torn apart and fragmented. *TIME TO RUN* is a motion picture about a family, about listening, about the silences between people, the unspoken moments, and the moments of anger that don't really accomplish anything. *TIME TO RUN* openly offers the reality of Jesus Christ as an answer to the human dilemma.

I feel that thousands of people will see a part of themselves in the film. Hopefully, families seeing it will be brought closer together in real understanding and communication.

I urge you to take your children . . . or your parents . . . to see *TIME TO RUN* when it comes to your community. You may find it more of a mirror than a motion picture!

We can't miss them — these signs along the intersections of our streets. They protect our school children from physical harm. We see the sign . . . and slow down.

Most of us are deeply concerned about the safety of our youngsters . . . and these signs can be a reminder of a further obligation our society has to its youth. There are dangers in life for which only religious training and faith can prepare us.

Boys and girls approaching maturity deserve the spiritual protection which Christian education provides.

Whenever you approach a school crossing, slow down! But, just don't think safety — think SUNDAY!

HERALD SPORTS

Cameron, Texas, Herald, October 2, 1975 Page 9

In District Opener,

Yoe Faces Undefeated Leander

In the opening district game the Yoemen will face an undefeated Leander Lion team that has won over Pflugerville, Marble Falls, and Burnet. The Lions have already matched their winning record of 3-7 in the '74 season.

The Lions returned 23 lettermen with 9 offensive and 8 defensive regulars carrying the load for the squad of 44 players.

The blue and white likes to set up their passing game and will; with quarterback Martin the threat of his aerial attack has been deadly to their first three opponents. He has thrown 5 touchdown passes in the past 2 games.

Quickness is the characteristic of the line with the average weight of the front men at 173. The quickness of the line allows Martin time to set up his passing game.

Running backs Hammack, #24, Michalk , $#44, and Goodrum, #25, will set up the passing game with the power runs and the dives up the middle.

On the receiving end of the strong suit for the offense, will be receivers Hutson, #82, 150, and Sturgein, #84, 175, both have shown the ability to catch the ball against the Burnet Bulldogs.

The defensive alignment for the Lions is a 4-3 defense with the bulk of the front at 165 per player.

The secondary have played the opponents though on passing situations giving little ground to a passing quarterback.

All systems are go according to their head coach Steve Maurer . The Lions are ready to show that they are "No. 1" and the way to prove it is the beat the Yoemen. Also the coach said that the team was excited and ready to play the Yoemen to the wire.

Together with the passing game and a quick-tough defense the Lions will prove to be an effective test for the Yoemen in the district opener.

PROBABLE STARTERS

Cameron		Leander

TALENT SPOTLIGHT '75

JIMMY KOHUTEK

The Yoe fence has gained state-wide recognition and the 'fence' is only as strong as its members, one of them is Jimmy Kohutek, #74, a senior, and a one year letterman.

Jimmy weighs 190 and stands 6'2" and fills the shoes of defensive tackle. Jimmy said "playing defense is my favorite but I'm also the back up offensive tackle."

Jimmy starts his day off at work. He is a member of the Ag Co-op class and is employed at Grimes and Hobbs Gulf Farm Center.

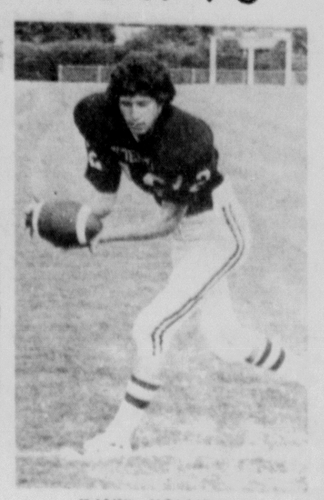
His activities include membership in the Futher Farmers of America and the Fellowship of Christian Athletes. Jimmy is also involved in Jr. Historians and plays an active part in these activities.

Jimmy is the son of Mr. and Mrs. E. L. Kohutek of 901 E. 18 in Cameron. He has one brother, Edwin, who is a 1973 Yoe High graduate and is presently attending Sam Houston State University. Jimmy has two sisters, Kathryn, who is married, and Debbie, a 6th grader at O. J. Thomas.

I asked how the first three games have prepared the Yoemen for district play and Jimmy said, "It has given us confidence. It's always an honor to beat those three teams and I think it has given us the confidence to go all the way. I would also like to say that I'm proud to be associated with my team mates."

Jimmy said that he was undecided about his plans after high school and he would have to have some more time to decide about colleges.

A&M is Jimmy's pick for favorite college team with Baylor in the number two spot. In the pro ranks Jimmy said he was a Dallas Cowboy fan.



DAVID KORNEGAY

Alternating in as split and tight end is David Kornegay, #12, who fills the important shoes for the Yoe offense attack. Standing 6'2" and weighing 170, Kornegay has added a new dimension to the Yoe passing attack.

On defense David is a back up outside linebacker that has proven to be an asset to the Yoe fence.

Football isn't his only strong suit, but in basketball and track the 18-year-old senior gives additional leadership. In track David is a one-year letterman and is the pole vault and mile run expert.

Outside of his sports interests he is a member of the Junior Historians and is also an active member of the Fellowshp of Christian Athletes.

David is the son of Mr. and Mrs. W. K. Kornegay of Rt. 1, Gause. David, a transfer student, has three sisters, Jo Anne and Mary Lou, both married, and Janice Sue, a 1974 Yoe graduate.

I asked how the first three games have prepared the Yoemen for district play and he replied, "I think playing against teams with their size have helped. We have proven we can do it and now is when the wins begin to count."

David is very decisive about his plans to attend college and he said that he would first attend Temple Junior Collegeand then move to A&M or Sam Houston.

This past summer David worked with his father in construction. He cites the Cowboys as his favorite pro team and Missouri as his college pick.

Milano Roping Club Sponsors Play Day

The Milano Roping Club will sponsor a Play Day Sunday, Oct. 5 starting at 3 p.m. at the Milano Roping Arena.

Tack will be awarded first through third places. There will be 25 events.

Concessions and barbecue will be available on the site.

Buckholts Badgers Whallop Cougars, 53-7

The Buckholts Badgers surprised the Aquilla Cougars Friday night and came away with a 53-7 victory.

Sophomore Mone Williams raced for touchdowns of 80 and 70 yards each and picked up one more from one yard out.

Junior Danny Krall added 4 more TDs for the Bakgers and Junior Johnny Marek added one more.

Donny Gaas and Dudley Haisler added at a total of 5 extra points for the fired-up Badgers.

Defensive standouts for the Buckholts team were Seniors Joe Mendoza and Gary Sanders and Junior Danny Krall.

The Badgers play meet the Abbott Panthers in Buckholts this Friday night at 7:30 p.m.

SPORT SPOTLIGHT

By FORREST GUESS

A BIG CROWD. . .

According to Yoe High Principal, Jack Chubb, the Lions are bringing a large crowd of both adult and student fans. Chubb said, "The Leander school officials called my office for additiona. tickets."

"We made arrangements to meet the Leander officials and have sent them another supply of tickets," Chubb added. "It looks like it's going to be a big crowd for the district opener."

THE UNDEFEATED. . .

It's not the untouchables but it will be a battle for the undefeated. The Leander Lions have surprised a lot of people with a zest that wasn't expected from the Lions.

The size and depth might be the deciding factor with the Yoemen coming up with the advantage, but you can never sell a team short that has got the momentum going their way for the first time in their 2A outings.

I understand that the Lions are talking it up to be ready to fight the Yoemen in what could be a good battle. One thing is for certain only one team will come out "undefeated" and "No. 1" . I'll stay with the Yoemen.

IT'S NOT MAGIC. . .

It's not magic to come back to back with a team with the fundemental and character of the '74 and '74 Yoemen.

It starts earlier than in high school and it seems that the system that athletic director Ed Cauley strives for is "participation."

"We want people to play and to participate in sports. We want the youngsters to get a lot of participation in the junior high programs and we aren't stressing winning at any cost." Cauley said.

We're playing a lot of kids and they all are getting the fundamentals and game experience. They may not win every game but they do participate. And by the time they get to high school we feel they are ready and experienced." Cauley said.

It is a part of sports I feel that the first years are for the majority and that participation is the key to athletics.

Winning is the goal. . .but the game is meant to benefit the youngster, not the fans, coaches or writers.

The success of the Yoemen isn't magic, instead it's whole lot a fine coaching., junior high and high school, the desire by the players.

Thanks coaches.

THEY ARE TOUGH. . .

Coach Ed Cauley started the Monday night booster club off with, "The Lions are real tough, they can run, and they can throw the ball."

"They are coming off of three wins and are undefeated. The team isn't real big but they make this up with their quickness." Cauley said.

"We're expecting them to play us a real good game and they think that they are number one. They have got a good attitude and are working hard," Cauley continued.

"Every Friday night we will be proving ourselves just as the teams we play will be proving themselves," Cauley concluded.

IMPORTANT FACTS. . .

Number one ranked Bryan, forfeited their first three wins of the season due to Richard Harris who was declared ineligible, because of his age.

A player is ineligible if he reaches the age of 19 before Sept. 2, according to the University Scholastic League.

The record once looked: Bryan over Beaumont Hebert 18-13, Conroe 28-15, and Texas City 55-17.

Harris will be missed, especially when Bryan will be facing another state powerhouse in the Killeen Kangaroos at Kyle Field this weekend.

Bryan Coach Merrill Green will realize the "important facts."

IMPORTANT MEETING

An Open Invitation to Pro perty Owners of Milam County
from
The Property Owners Association of Brenham Independent School District Meeting to be held Washing ton County Fair Grounds on Tuesday, October 7, 1975, at 7 p.m.

Guests and Legislators to be present:

Lathan Boone--Member of the State Affairs Committee
John Wilson--Member of the State Affairs Committee
Joe Hubanek--Chairman of the Agricultural Committee
Dan Kubiak--Member and Past Chairman of the Education Committee
Bill Presnal--Chairman of the Appropriations Committee

We urge the Property Owners of Milam County to attend this important meet ing.

The tax collectors for the Federal, State, County, and Independent School Districts have been competing and fighting for your dollar, and if this race continues, they will take the whole dollar. We can combat this predicament only be getting all property owners involved.

Youre Tops
4H Club Members

AND WE WANT TO
CONGRATULATE YOU ON YOUR
WEEK OCT. 5-11

NOW-MORE THAN EVER YOUR 4-H CLUB TRAINING WILL BE A VALUABLE ASSET TO YOU AND YOUR COMMUNITY.

CORRESPONDENTS' CORNER

Buckholts

By Mrs. Edwin Gandy

The ground has been broken for the new bank building and plans are made to begin work on the building this week.

Mr. and Mrs. U. D. Adams and sons of Austin spent the weekend in their country home here.

Visiting with Mr. and Mrs. R. L. Lock over the weekend were their children, Mr. and Mrs. Leonard Warren and Tim of Houston.

Mr. and Mrs. Hal Senkel and daughters of Austin spent the weekend visiting his parents Mr. and Mrs. Edward Senkel.

Mr. and Mrs. Richard Ruzicka and family spent the weekend in their country home here.

Mrs. Frances Dudik, Mrs. Judy Gibbs and Mrs. Bernice Woodward visited Joe Ruzicka and others in the nursing home in Cameron.

Mr. and Mrs. Howard Peeler of Bryan spent the weekend with his parents, Mr. and Mrs. Nealon Peeler.

While here they attended the Sunday morning services at the First Baptist Church.

Mr. Will Lesikar has been moved from the Veterans Hospital to a nursing home in Temple.

Nelson Janes, who is a patient in the Veterans hospital in Houston was home over the weekend.

Mr. and Mrs. Ladis Marek and Billy visited in the nursing home in Cameron on Sunday afternoon.

Mr. and Mrs. Cecil Criswell have returned home from their trip to Arkansas.

Tommy Lane of Temple attended Sunday morning church services at the First Baptist Church.

Mrs. Evelyn Loftin and Mrs. Dealie Arnold visited Mrs. M. W. Gandy Sr., who is in a Temple nursing home.

INVESTMENTS!

Are you getting the best return on your money?

We invite you to attend an

Investment Program

To be held Thursday, October 16 at 7:00 p.m. in the meeting room on the second floor of the Temple National Plaza, 100 West Adams.

We hope that you can attend this important meeting. If you would like any of your friends or associates to attend, feel free to bring them along. Since available space will be limited, we do ask that you indicate the number of persons on the coupon below and mail to the bank. Thank you.

Enrollment High In Tech Schools

WACO

Enrollment in the state supported technical schools is up an average of 37 percent, according to early registration figures.

Texas State Technical Institute has enrolled more than 4,330 students this fall as compared to 3,163 at the same time last year.

Enrollment figures reflect the number of students in regular credit courses only. On the State Tech's four campuses, evening and extension course enrollments are expected to equal or exceed the enrollment in day classes, according to State Tech President Dr. Maurice W. Roney.

4-H CLUB WEEK OCT. 5-11

WE CONGRATULATE OUR 4-H CLUB MEMBERS ON THE GREAT WORK THEY ARE DOING WE'RE FOR YOU!

MACK'S OIL CO.

At The Underpass 697-6642

Gause

By Mrs. Wanda Lee

Mrs. Mildred Simmons and her mother, Mrs. Agnes Blakely spent several days this past week in Houston with Mr. and Mrs. 'Tee Joe' Marks and Traci.

Miss Joy Beth Rasco of Hearne was weekend guest with Miss Sherri Coats and her family.

Mrs. Bundrick has been a patient in the Hearne hospital.

H. B. Alexander has again been a patient in the Hearne hospital.

There are a number of the people in town that are sick with the cold virus that is going around.

Mrs. Roger Kingsley spent several days this past week in Cleveland with her brother and sister-in-law, Mr. and Mrs. E. W. Rutherford.

Mr. and Mrs. Koye Cass and Mrs. Arrie Little and Mr. and Mrs. Thurman Wilson visited last Tuesday afternoon in Milano with Mr. and Mrs. Jess Stracener.

Mr. A. E. Sharp of Borger visited this past week with Mr. and Mrs. Bill Cunningham.

Mr. and Mrs. J. T. Todd and Mr. and Mrs. Bill Todd and Jennifer of Cameron spent the weekend in Austin where Saturday afternoon they attended the wedding of Bondell Cox to Toni Baldi at Victory Mission Chapel. Edward Cox Jr. gave his mother away and her sister, Dana Sue Holt was her matron of honor.

The Todds spent Saturday night with Mr. and Mrs. Gordon Gibbons and children. Mr. Todd's nephew's wife, Mrs. Frank Eberly visited in the Gibbons home Saturday night.

The home of Mr. and Mrs. Raymond Slay and Cheryl was the setting Sunday for a birthday dinner honoring family members having birthdays in September. They are Mrs. Annie Hardcastle who celebrated her 92nd birthday, Cheryl Slay, Bob Hardcastle and Buck Hardcastle. Other family members attending were Mr. and Mrs. Stewart Roberts, and Mr. and Mrs. Billy Earl Hardcastle, Billy Paul, Curtis and Donna of Angleton, Mr. and Mrs. Harold Thorton, Todd and Jennifer, Mr. and Mrs. Tom Ganhs of Houston, Mr. and Mrs. Dennis Ely, Denice and Chris of Bryan, the Frank Rikards of Hearne, Mrs. Bertha Holiday of Texarkana, the Earl Hardcastles, the Malcolm Timmons and Mrs. Anna Mae Ely.

Mrs. Kay Albright spent the weekend in Cleveland with relatives.

The W.M.U. of our Baptist church are having good meetings and a large number in attendance at their meetings each Monday afternoon at 3:30 p.m. At last Monday's meeting there were 16 present.

Mrs. Roy Newton and Mrs. Mariema Massengale visited Mr. Roy Newton in Shoal Creek Hospital in Austin Tuesday. They reported his condition was improving.

Mr. Vaughn Thweatt is improving in the veterans hospital in Marlin.

Mr. and Mrs. Johnny Yates visited their daughter and family the Mike Hendersons in Austin Sunday.

Weekend guests of Mrs. Leota Thweatt were Mr. and Mrs. Herbert Thweatt and son of Austin and Mike Hopkins and daughter Cathy and Mrs. Lanette Vrana of Houston.

Mr. and Mrs. Jess Weathers attended the Hanover homecoming Sunday.

Mr. and Mrs. H. M. Yager and sons visited her mother, Mrs. Alice Gerdes, in Lockhart last weekend.

Danny Thweatt and Jim Reynolds of Houston visited Danny's home folks Saturday. Jim went on to Tulsa, Okla. Sunday to visit his mother.

We are glad to report, Mr. Roy Newton came home from an Austin hospital Sunday.

Mr. and Mrs. Johnny Sapp and children of New Caney visited his grandmother, Mrs. Delbert Sapp Sunday.

Cheap Vacation

One of the most inexpensive vacation spots is a gazebo in the backyard, or a sun-shaded deck for lounging and barbecuing.

San Gabriel

By Mrs. W. McDaniel

The community extends sympathy to Earl Potts at the loss of his mother, Mrs. Albert McGuary. She lived in California. She passed away Wednesday. The funeral will be Monday in Pensylvania her home town.

Mrs. Marvin Limmer, Garrett Lee and Kimberly of Smithville visited with Mr. and Mrs. Buddy Limmer Friday afternoon. Garrett Lee spent the weekend and his grandparents took him home Sunday and spent the day with the Limmers.

Mrs. Jim Stewart and Mrs. Kenneth Caffey of Salty spent Tuesday with their daughter and sister, Mrs. Bobb Evans and Chandler of Caldwell.

Visiting with Mr. and Mrs. Jim McDaniel over the weekend were Mr. and Mrs. Don Leggett and Nishelle of Austin, Annesa Drummonds, Mr. and Mrs. Tom Chaney and Mrs. W. McDaniel.

Mrs. Buddy Limmer and Mrs. Richard Heine visited at the Sweetbriar and SPJST Rest Homes this past week. Those visited were Mom Smith, Zelma Fipps, Marie Hattermann, Elsie Hirt and Miss Tena Yeager.

Mrs. Jim Stewart and Mrs. Hugo Linke visited Mrs. Kenneth Caffey and children Saturday afternoon at Salty.

Agnes Brown and Brother Pete Gravender cousin of Richard Heine and Buddy Limmer visited with the families over the weekend. They are from Brownsville.

Mrs. W. McDaniel visited at the Boswell Rest Home Saturday afternoon with Mike Garner and Ossie Caroll and sister.

Sherry Robinson and friend Brenda Kuykendall of Brownwood were visiting her family, Mr. and Mrs. Jimmie Robinson and Mr. and Mrs.' Randy Robinson and baby over the weekend.

Mrs. Giles Summerlin is home after a few days at Scott and White Hospital in Temple. She and Charlotte are doing fine. Her mother Her mother of Taylor has been with her for several days.

Mrs. J. C. Payne, Michael, Robby, Calvin and Shelton of Round Rock were dinner guests of her parents, Mr. and Mrs. Walter McDaniel Sunday.

Mrs. Bobby Evans, Travis and Chandler of Caldwell spent Sunday with their parents, Mr. and Mrs. Jim Stewart. Carlene and Travis brought the special music Sunday morning at the San Gabriel Baptist Church.

Mrs. Flora Henery of Rockdale was also a dinner guest. She also attended church services. Chandler will spend the week with his grandparents, the Stewarts.

Visiting Mr. and Mrs. Dan Beason over the weekend were her sister, Mrs. Vivian Wigley, and friend, William Cogbill of Jasper and her mother, Mrs. J. W. Wylie, of Chester.

Colonial Nursing Home News

By Mabel Lawhon

The home was paid a visit by the young peoples choir from the First Baptist Church on Sunday Sept. 28. Our patients enjoyed their singing very much. They sang several selections for the morning worship service. The choir was directed by Phil Smith who accompanied them on his guitar. Mrs. Nelson Green read various verses and chapters from the Bible. Among those she read was: Chapter 13 from 1st Corinthians. Mr. Green brought the message with scripture from Psalms 138.

September 24 the residents of the home enjoyed a program of slides: "Abe Lincoln's New Salem," "Historic Shenandoah Valley," and "Vicksburg National Military Park." The activities director presented the program.

The Rev. Henry Weston visited with us on Thursday September 25 and brought the church service. He read from Luke Chapter 2 beginning with Verse 42. The text of his message was "Is Jesus Missing from Your Life." Mrs. Louise Archer sang "I Would be True," accompanied by Mrs. Denton House.

Mrs. Ernest Rinn had as her guest on September 29, Mrs. Dollie Dodd Miles of Carthage, Missouri, Mrs. Hallie Dodd Hardy of Cameron and Mrs. Chloe Stephens of Temple.

They entertained Mrs. Rinn and her friends with an hour of music played by Mrs. Miles and Mrs. Stephens.

Our residents are looking forward to a birthday party to be given on September 30 by the Ladies of the Abiding Saviour Church. The party will be to honor the following patients who had birthdays during the month of September: Mrs. Vincencie Mayer, Alma Crain, Mrs. Carolina Hertenberger, Mrs. 'hilomenia Marak, Mrs. Ell Dobbins, Mrs. Eva David, Mrs. Montie Henderson and Mrs. Lula Elley.

Drug Seminar Set At Belton

The fourth and final planning meeting for the "2nd Annual Region 23 Institute on Alcohol and Drug Addictive Processes" was held in the office of the Central Texas Council on Alcoholism, First national Bank Bldg., Temple.

The two-day seminar will be held at Mabee Center, Mary Hardin-Baylor College, Belton, Texas, November 18-19, 1975. The seminar will be open to the public. The registration fee will be $7. All students may register for $3.

Chevette.

Chevrolet's new kind of American car.

Chevette

40 MPG HIGHWAY
28 MPG CITY
EPA RATING

That's with the standard 1.4-litre engine and 4-speed manual transmission. The mileage you get, of course, will be strongly influenced by how and where you drive.

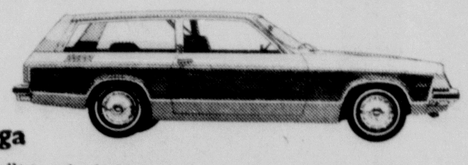
- Chevette is international in design and heritage, incorporating engineering concepts proved around the world.
- Its wheelbase is about the same as a VW Rabbit's.
- It has more front-seat head room than a Datsun B-210, more front-seat leg room than a Toyota Corolla.
- Its turning circle is one of the shortest in the world.
- It can carry cargo up to four feet wide.
- It is well insulated against noise.
- It is protected by 17 anti-corrosion methods.
- It is basically a metric car.
- It comes with a clear, simple self-service booklet.
- It has a standard 1.4-litre engine. A 1.6-litre engine is available (except Scooter).

Prices start at $2899

2-seat Scooter (not shown). $2899
Chevette Coupe (shown). . $3098
The Sport (not shown). . . . $3175
The Rally (not shown). . . . $3349
The Woody (not shown). . $3404

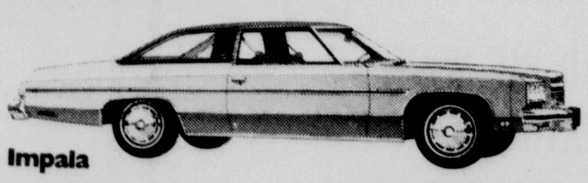
Manufacturer's Suggested Retail Prices including dealer new vehicle preparation charge. Destination charge, available equipment, state and local taxes are additional.

Other Chevrolet values for 1976.



Vega

Built to take it. Vega for 1976: An extensive anti-corrosion program. New hydraulic valve lifters, for quieter engine performance. A new torque-arm rear suspension. And Vega offers a tough Dura-Built 140-cu.-in. 4-cyl. engine guarantee.

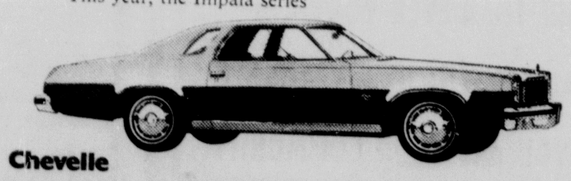


Impala

One of America's most popular full-size cars. That's the result of giving America good value for the dollar. This year, the Impala series includes the new value of the thrifty Impala S—Chevrolet's lowest priced full-size car.

Nova/Concours

America's favorite compact car. Our basic compact, '76 Nova, makes even more sense than the 3 million Novas that preceded it. And Concours, the brand-new model featured here, is our highly practical approach to compact luxury.



Chevelle

Enough car for practically anything. It offers room for six at a sensible price. This year, more than ever, its deft blending of mid-size economies, plus room for the average family, makes Chevelle a size whose time has come.

There's much more to see at your Chevy dealer's. Caprice, Monza, Monte Carlo, Camaro, Corvette, Chevrolet wagons—something for everyone in 1976.

Chevrolet Come in Oct. 2.
